ZONING BYLAW AMENDMENT / AMENDMENT TO
ARLINGTON ZONING MAP

Warrant Article Text:

To see if the Town will vote to adopt changes to the Arlington Zoning Map that would rezone a certain parcel in the R-1 District, specifically, a portion of 0 Lot Concord Turnpike, Arlington, Massachusetts, assessor's parcel identification number 185.0-0001-0005.0, R-6; or take any action related thereto.

Mary Winstanley and ten registered voters

Report Excerpt:

The Board recommends Favorable Action (5-0).

The Board is supportive of Article 50, which proposes to rezone a portion of a parcel at 0 Lot Concord Turnpike currently owned by the Archdiocese of Boston in care of Saint Camillus Parish. This amendment does not rezone the property the Church is on. The property occupies a prominent and accessible location, close to Route 2 and the Concord Turnpike. In response to a Request for Proposals issued by the Archdiocese of Boston, a development team is proposing a project concept that would construct an assisted living facility on a portion of the property adjacent to Saint Camillus Church, while maintaining the presence and functions of the existing parish. This zoning amendment would rezone the property from R1 Single Family District to R6 Apartment District/Medium Density, which would allow for an assisted living facility to be built on a portion of the parcel via a Special Permit.

In its discussion, the Board noted the ongoing and increasing need for assisted living and other senior-oriented housing options, both locally and regionally, as the population continues to age. Board members noted that many residents seek opportunities to remain in Arlington as they grow older, and developments such as the one proposed can help meet that demand by providing needed supportive housing. The Board further recognized that the conceptual project has the potential to support the Town's economic base and vitality by generating local job opportunities, including healthcare, administrative, and service-related jobs, while also expanding the Town's housing diversity.

The Board agreed that rezoning the property to allow for a project such as the concept proposed is only the first step in a series of required actions to approve and permit an assisted living facility project on the site.
